

CMECS and Underwater Videography

Sharing Best Practices Regionally and Nationally

Mark Finkbeiner – NOAA Office for Coastal Management

HCOM Video Workshop

Portsmouth, NH

13 May 2019

Implementing Best Practices

Goals-

- Maintaining information exchange
- Providing guidance at various capacity levels
- Allowing local and project level flexibility
- Identifying (and capturing) commonalities
- Informing the CMECS update process

Approaches-

- Community of Practice (Confluence site)
- Workshops
- Technical reports
